Testimonials

"Congratulations on your career shift to mediation. Knowing you as I do-both as opposing counsel and as an attorney appearing before me-I think you have the temperament to excel in the field, and I will be happy to recommend you when appropriate occasions arise." Superior Court Judge

"In addition to being personable and engaging with my client during mediation, Ron was a good listener, was persistent and continued his efforts to seek resolution long after the mediation was over, eventually helping us get the matter resolved several days after it appeared that settlement was not possible. I will definitely use Ron's services again in the future, and am confident in recommending Ron to other colleagues in the legal community." J.Walker (plaintiffs counsel)

"Mr. White was well prepared and his persistence led to a successful resolution of our matter. He kept the parties engaged and his low key approach was highly effective." S. Forman (defense counsel)
